ISI's vision is to befriend every international student , led to a personal relationship with Jesus Christ and disciplined for His service. Our Mission is to share Christ's love with international students and to equip them for effective service in cooperation with the local church and others.

My personal goals are to continue as director of the evangelistic ISI English conversation School. I am also a teacher at the school. I lead a Bible study every Friday night at our ISI International Fellowship as well as a weekly study with students on campus. As trip coordinator, I plan to take students on four out of town evangelistic trips this school year. I help plan and implement the sports day for international students in April. I also help direct and teach at the Cornerstone Community Church/ISI ESL camp for children and parents for one week in July.

There are numerous opportunities to welcome students into my home for meals and overnight stays, participation in baby showers, ISI's annual garage-give-away, student ministry and local committee meetings, and speaking in supporting and other churches.

I am very grateful to Randall Baptist for the ministry and missionary vision of the church. I am also very grateful that I am one of your missionaries. Thank you for all the encouragement you are to me personally through your prayer, friendship and financial support.
