Glen was one of our young people, who went through the Christian Service Brigade program and earned the Herald of Christ award.

His missionary career took him first to Sweden where he ministered for 28 years, first in Central Sweden where he developed and led a youth ministry, and later in a ministry to students in the university city of Uppsala.

In 1995, the Lord led him to Poland in a ministry of assistance to the Free Christian Church of Poland. Glen currently is a Bible teacher in the Free Christian Church of Southern Poland and is a teaching partner for a Christian Youth choir which often accompanies him to churches where he teaches. Mentoring promising young men has always been and remains an important ministry which assures that the ministry will go on when he is no longer there.

For six years Glen also taught English at the University of Silesia in Katowice. Now he teaches five hours a week in an academically accelerated junior and senior high school as well as teaching English for evangelism privately at home.

Randall began supporting Glen in August 1970.
